

Dear Vendor:

READ THE ATTACHED FORMS, CHANGES HAVE BEEN MADE

The attached Fire inspection notice is being done not only because it is a state requirement but to help reduce the possibility of injury and accidents to you, your staff, and the public. It is a common sense inspection to help you and your customers have an enjoyable Autumnfest weekend.

A K-class fire extinguisher is required if you are using a deep fat fryer, I understand a K-class fire extinguisher can be rented for the weekend at a very low cost from the same extinguisher company that inspects your other fire extinguisher.

Please look at your booth and equipment to ensure that everything is correct. If you have any questions or concerns please contact me or the Poseyville Fire Department.

We do not want to make it impossible for you to operate your booth, but we do want you to be safe.

Thank you
James Reynolds, Treasurer
